Egyptian Jews Beware. !

Recently it was brought to our attention that a new forum for Egyptian Jews was established. We were glad that rejuvenation is perpetuating across the globe.

When we tried to establish contact with that organization and asked them to identify themselves for our records, we haven't received any replies despite many attempts.

Many members of the HSJE have joined the forum in good faith, but noticed that many of their messages were not posted due to their "content".

We were also informed that the moderators of that forum asked the members to identify themselves sending he following email

- ***Dear Member,***

If you have not introduced yourself by now to the other members of the group please do so. You can start by mentioning your name, parent's names and your family name in the subject area of your email, which city did you family came from? your last address in Egypt and the school you went to. If you wish you may also mention the names of old friends and relatives that you would like to hear from, or anybody who knows them.

We ask all Egyptian Jews **NOT** to divulge any unnecessary information, and to refrain from posting any address's phone numbers or anything personal on the web.

We also would like to inform you that due to the forum's lack of interaction with other Egyptian Jewish organizations, we may safely come to the conclusion that this forum may be of a **foreign entity and any information they collect may cause Egyptian Jewry harm,**

We advise you to use proper judgment as to whether to join or to continue posting messages on the forum in question.

We wish you all a happy and Joyful Simhat Torah.
