CAIRO, Egypt, May 11 (AP)—  
The Egyptian Senate approved  
tonight a proposal that the Egyptian  
Army "shall with other Arab  
armies enter Palestine at a suitable  
time to restore stability and  
prevent massacres in Palestine."

The proposal was presented at  
a closed session by Premier Mahmoud  
Fahmy Nokrashy Pasha. It was  
drafted at a meeting of a special  
Senatorial committee representing  
all political parties.

The Senate also approved an  
allocation of £4,000,000 (\$16,600,000)  
for additional expenses of the  
Egyptian Army stationed along  
the southern border of Palestine.

Earlier an Egyptian Army  
informant said two infantry  
battalions were on their way to  
the border. They will bring the  
Egyptian armed forces reported  
there to about 15,000 men.

He said three Egyptian Royal  
Air Force squadrons were  
stationed at the frontier.

Dispatches from Damascus  
said that most diplomatic sources  
believed that the Arab armies  
would begin moving into  
Palestine shortly after  
Friday midnight.
