Egypt Sifts British Exit

Special to The New York Times.

CAIRO, Feb. 24 — Mahmoud Fawzi Bey, Egypt's permanent representative at the United Nations and the Premier's chief deputy for preparing the Egyptian plan to solve the British-Egyptian dispute, stated today an Egyptian military committee representing the three services had studied the evacuation of the British garrison from the Suez Canal zone.

A military spokesman of the British Embassy stated there had been no mutual discussion of such an issue between British and Egyptian elements.

It was learned that the main subject under review was the maintenance of Suez Canal zone installations by Egyptian forces if the British should leave. Egyptian planning is proceeding on the basis that the Suez Canal zone base will be an Egyptian base operated by Egyptian armed forces.
