JAKARTA DECRIES ACTION IN EGYPT

Indonesia Parliament Would Sever Diplomatic Ties if U. N. Plea Is Ignored

Special to The New York Times.

JAKARTA, Indonesia, Nov. 2—The Indonesian Parliament urged the Government today to consider severing diplomatic relations with Britain and France if they and Israel ignored the appeals of the United Nations or other international organizations.

In an emergency four-hour session Parliament unanimously adopted a five-point resolution condemning the "aggression against Egypt" by Israel, Britain and France.

The Parliament also appealed to the legislative bodies in Britain and France to insist that their Governments halt the aggression against Egypt.

A number of legislators urged stronger measures. After a statement by Foreign Minister Ruslan Abdulgani, Parliament adopted a resolution that said: "The Indonesian Parliament condemns the action of Israel, Britain and France for aggression against Egypt" and supports the Government's "efforts to seek a solution to the Middle East crisis within the framework of the Asian-African countries."
