U.S. Complicity Charged

CAIRO, June 8 (Agence France-Presse) — The Cairo radio's announcement on the cease-fire included the following statement:

"The United States presented another draft resolution, proving the extent of U.S. complicity and its flagrant partiality towards Israel. At the beginning of the session, Secretary General Thant announced that he had received a communication from the U.A.R. Government announcing that Egypt accepted the cease-fire ordered by the Security Council, on condition that the others also accept it."
